April 12, 2017

Dear Mr. Collins;

The Massachusetts Department of Environmental Protection's (MassDEP) Drinking Water Program is pleased to extend its congratulations to the Beverly Water Department for its outstanding performance in 2016. Your system has achieved one of the top scores in the Consecutive System category of the 2017 Public Water System Awards Program.

MassDEP realizes that it is no easy task to keep up with the ever-evolving federal and state drinking water regulations. While most systems strive just to comply with the regulations, your system has put forth an extra effort for many years.

MassDEP encourages you to continue this level of excellence in carrying out your work of protecting and supplying safe and fit water to our citizens. If you have any questions regarding the Awards Program, please contact Marie Tennant at 617-292-5885 or at Marie.Tennant@state.ma.us.

Congratulations,

Yvette dePeiza, Program Director
Drinking Water Program
